Intro to Photo:

- [SD Card](#) 16 g recommend.
- [SD Card Reader](#) any brand/style should be compatible with PC and Mac.
- Recommend but not necessary- a small bag or pouch to keep the SD card and reader in so they don't get damaged or lost in students' backpacks. If students have a small pocket in a pencil case this would also work.
- [Adobe Photoshop](#) for \$9.99 per month. This is recommended, but not necessary. It will allow students to work and practice at home.

Portfolio:

- Sketchbook any size, binding, or paper color. The most important thing is students should feel comfortable working in their book and traveling with their book. The art store located on 935 Erie Blvd Syracuse has a variety, or Amazon.
