

July 16, 2018

Dear Parents,

On July 24 and 25, Jennifer Wong Christensen and Peter O'Neill, consultants from Carney, Sandoe & Associates, the firm the board of trustees has engaged to conduct our search for MPH's next head of school, will be on campus. In order to gather as much information as they can about the school and the kind of person we want to attract for this position, the consultants have asked to meet with groups of faculty, staff, students, parents, and graduates of the school. They will use the information they gather in these meetings to create the position statement that they will distribute to heads of schools and other potential candidates across the country.

At the request of the consultants, I have asked a couple of small groups of parents to meet with Ms. Christensen and Mr. O'Neill, but we also want to make them available to as broad a range of parents as possible. For this reason, we have scheduled an open meeting for any parents who wish to participate. **The meeting will be on Tuesday, July 24, 5:30-6:15, in the Farmhouse Boardroom.**

Please feel free to join our search consultants at this time. Your input will be very helpful to them.

I trust your summer is going well and that your children are already looking forward to returning in the fall!

Best,

Jim
