Lower School Supply Lists

MPH Lower School Bucket Hat Shield Guidelines (Pre-k, K and Grade 1)

- *Pre-k will wear these when inside classrooms.*
- *Kindergarten and 1st Grade students may wear these outside if children are engaging in closer play on playground equipment. (K and 1st Grade children will wear face coverings (masks) when inside campus buildings.)*
- Fit/comfort/personal style (example: allowing your child to pick a favorite color) will help each child to comply with wearing these protective hats when children are inside. Please be sure to have your child practice wearing their hat at home before school begins.
- Examples can be found at the below links. You can google “Kids Bucket Hat Shield” and find other examples as well.

MPH Face Covering (Mask) Guidelines

- The most effective face covering (mask) is one that has a comfortable fit (snug but not tight) and is made of fabric that is tightly woven cotton or nonwoven polypropylene.
- Fit/comfort/personal style (example: favorite color/design) will help each child to comply with wearing these face coverings when children are inside.
- Please be sure to have your child practice wearing their face covering at home before school begins. Teachers will work to get students outside for “mask breaks” as often as possible.
- Fabric: 2 or 3 ply tightly woven cotton or nonwoven polypropylene.
- **Please send your child to campus wearing their face covering (mask) and pack 1-2 extras with them in their bag.**
