MPH Travel Protocols

(Updated 3/2/21)

All MPH students and employees who are planning to travel must follow the instructions in the New York State COVID-19 Travel Advisory. Please read them carefully [here](#).

Note: If you plan to “test-out” of the mandatory quarantine period, you will need to provide Nurse Christine Civello with the results of BOTH of the COVID-19 tests that are required by New York State (one from the state you are visiting, and one from New York four days after your return) before returning to campus.

New York State periodically revises its Travel Advisory; when revisions are made, the MPH Pandemic Response Team will reevaluate the MPH Travel Protocols to make sure our protocols reflect our commitment to safeguarding the health and well-being of our whole community during the global pandemic emergency.
