

MPH Summer Reading 2022

8th Grade:

Welcome to 8th grade! Over the course of the next year we will be examining political and global issues facing our world today. The books I have selected below have been arranged by marginalized voices we will cover and discuss throughout our time together. Many of these voices and issues have been under widespread debate and have been interwoven throughout the history of our nation and our world. Understanding global issues, as well as those that impact our daily lives in the United States will be key to understanding how our voices can impact the future of our world. This summer I am asking you to select at least one of the books below to read! You can, of course, read more than one if you would like!

8th Grade History Summer Reading List (Choose any one of the books below)
